ozsensor®
by ZYLUX

Entering a Device Name (Fleet Identifer Number)

1) Download and Install the latest OZ-X Installer App.
2) Open the OZ-X Installer App, in the **Devices** section it will show a list of vehicles nearby. Press on the device (FLEET Number) which you wish to program. *The default Device Name is NLP200 if it's never been programmed. Note : The Vehicle or Trailer Needs to have power (IGN ON / and EBS connected if a Trailer) so you can connect to the device for programming.*
3) Press **Setup**, then press **Device**.
4) Press on the **Device Name** Field and type in a device name (Fleet Identifer Number). Maximum 12 Characters. No spaces.
5) Once entered, press the **Up Arrow** to save the Fleet ID / device name
6) You'll receive confirmation Configuration Succeeded. Press **OK.**
7) Press the **back** arrow to return to the Setup screen.
8) Press **Devices**, then press on the connected device to disconnect.
